## COME AND EXPLORE THE HIDDEN TREASURES OF NATURE IN TREMPLEALEU COUNTY!

Learn and perform field and laboratory techniques used by scientists studying our streams and rivers. Collect and identify macroinvertebrates, the small "critters" living in the mud and swimming in the water. Identify and learn about plants, trees, and animals living in the floodplain forest of Pietrek Park. Navigate the trail system using aerial photographs and land maps. Get fishing lessons from local experts and discover which fish are native to our state!

*Camp size is limited to 40 participants to ensure hands-on participation.*
