# Igniting Potential: Sparks and the 4-H Difference

A **spark** is that unique inner passion, interest, or skill that truly lights up a young person's life, giving them energy, joy, and purpose. It's more than a hobby; it's a driving force for growth and connection.

**4-H excels at nurturing these sparks!** Through its quality programs and "Thriving Model," 4-H provides the perfect environment for youth to discover their passions, develop new skills, and build strong relationships. By fostering these individual sparks, 4-H empowers young people to thrive, grow, and make meaningful contributions, truly igniting their incredible potential!

# Choosing the Right Activity Handout

Youth and adult volunteers alike may have the opportunity to choose activities for youth participants. Fun is always one good reason to choose an activity, but there are a few other things to consider, such as fitness for the group,

safety, timeliness, trustworthiness, and its ability to engage and involve all youth participants. This handout provides additional information and questions to help volunteers choose the right activity for the youth and the event.

# Hale and Hardy June Meeting Minutes

June update

June dairy month YAY!

We had our monthly meeting at the dairy breakfast after working our shift.

We discussed our fair theme (Hawaiian), deadline dates for livestock exhibitors, fair schedules, etc. After the fair discussion we talked about getting new heavy duty gates for the dairy barn which we did make a motion for. More information to come on this topic.

Once our group discussion was completed we separated into livestock groups for the kids to talk to others that show the same animals. They discussed barn specific decorations.

Have a great June dairy month!!

We look forward to seeing everyone at the Fair!!
